*Thank you for  
helping to advance  
our mission...*

to advance the scientific study of behavior and its humane application to the solution of practical problems, including the prevention and relief of human suffering.

*Thank you*

to our many directors, trustees, and advisors who, through their volunteer efforts, advance our mission. These individuals represent the best experts in behavioral science and practice. They develop the highest quality video instruction and presentations. They evaluate and accredit world-class programs of workplace safety. They write books and articles and produce video and audio broadcasts distributed worldwide.
