Cambridge Center Sponsor Levels & Benefits

Support the Mission of the Cambridge Center for Behavioral Studies™

Our mission is to advance the scientific study of behavior and its humane application to the solution of practical problems, including the prevention and relief of human suffering.

We are a non-profit 501 (c) 3 organization (Tax ID: 04-275-1296) that harnesses the expertise of hundreds of behavioral scientists to solve problems in the home, school, community, and the workplace.

The Center presents annual conferences on Autism, Ethics and Leadership & Supervision. Each is a single-track event with six invited speaker presentations. Our latest evolving hybrid format, offering both in-person and virtual attendance, has expanded our local reach. Our 2022 Autism Conference reached 25 US States plus Puerto Rico and countries including Australia, China, Canada, Hong Kong, Northern Ireland and South Korea.

Most attendees are ABA providers. We also attract psychologists, school administrators & teachers and parents/caregivers.

Commit early for the most exposure to our attendees, friends and supporters!

Contact Rebekah Pavlik to commit or for more information.

All Sponsor Benefits:

Logo with link to your organization on conference Event page on behavior.org, on welcome presentation slides and in e-communications from the Center
