Sponsor Levels & Benefits

Support the Mission of the Cambridge Center for Behavioral Studies™

Our mission is to advance the scientific study of behavior and its humane application to the solution of practical problems, including the prevention and relief of human suffering.

We are a non-profit 501 (c) 3 organization (Tax ID: 04-275-1296) that harnesses the expertise of hundreds of behavioral scientists to solve problems in the home, school, community, and the workplace.

The Cambridge Center for Behavioral Studies hosts annual conferences on Autism, Ethics, Animals, and Leadership & Supervision—each featuring six expert-led presentations in a single-track format. Our innovative hybrid approach, offering both in-person and virtual attendance, has expanded our reach beyond local audiences. In recent years, our conferences have engaged attendees from 43 U.S. states, a military base, and countries including Australia, Canada, China, Colombia, Finland, France, Greece, Norway, the Philippines, Russia, Saudi Arabia, and Singapore.

With 100–250 attendees, our conferences draw a strong virtual presence alongside in-person participation. Most attendees are ABA providers, but we also welcome psychologists, school administrators, educators, and parents/caregivers.

By becoming a sponsor, you help provide grant assistance to those in need, ensuring more individuals can access valuable, research-based knowledge and professional development.

Commit early for the most exposure to our attendees, friends and supporters!

[Contact Rebekah Pavlik to commit or for more information.](#)

All Sponsors Receive:

Your organization's linked logo on the conference [Event Listing on behavior.org](#), on welcome presentation slides and in e-communications from the Center
